

Geo-Cache Poker Run

What is Geo-cache?

Pronounced "cash"- In geocaching it is a hidden container filled with a log book and pencil/pen, and possibly prizes. Caches were often used by explorers, miners, etc. to hide foodstuffs and other items for emergency purposes. People still hide caches of supplies today for similar reasons.

Geocaching comes from the terms "geo" and "cache" to explain the sport. Some caches have cash in them, but there is no pun intended :)

Geocaching is an entertaining adventure game for GPS users. Participating in a cache hunt is a good way to take advantage of the wonderful features and capability of a GPS unit. The basic idea is to have individuals and organizations set up caches all over the world and share the locations of these caches on the internet. GPS users can then use the location coordinates to find the caches. Once found, a cache may provide the visitor with a wide variety of rewards.

Special thanks to geo-cachers
Geode Hunters and The Little Dog Tue

When: *September 15, 2007*
Time: *10:00 am to 2:00 pm local*
Where: *N 38° 42.600' W085° 28.600'*
(Hanover Park Community Building)
